2025

COMMUNITY
IMPACT REPORT

Presented by the
First Bank of Montana CRA Committee

Division President Message

As we reflect on 2025, I am reminded of the long-standing commitment this bank has upheld for generations. For more than three decades, I've had the privilege of serving alongside a team that puts our communities first—through good years and hard ones—and that continuity is part of what defines First Bank of Montana. Our strength has always come from staying rooted in the places we serve, growing alongside our customers, and carrying forward the values that have guided this institution throughout its history.

This year's report highlights the meaningful work happening across our region: families building futures, local businesses expanding, and community organizations continuing to make a difference. From lending and donations to volunteer service and financial education, our efforts reflect the same commitment that has guided this bank for more than a century—neighbors helping neighbors.

I am especially grateful for our employees, many of whom have grown right alongside this institution. Their dedication, professionalism, and genuine care for our customers remain the foundation of everything we do. They represent the best of our communities, and I couldn't be more proud of the work they continue to do every day.

As we look ahead, our focus remains unchanged: to support steady growth, strong relationships, and the long-term well-being of the communities we serve. Thank you for your continued trust and partnership. It has been an honor to walk alongside you, and we look forward to all that we will accomplish together in the years ahead.

GIVING IMPACT CONTINUED

Each holiday season, First Bank of Montana proudly hosts its annual 12 Days of Christmas Food Drive, inviting community members to join in supporting those in need. During two weeks in December, customers and residents were encouraged to donate the top 12 most-needed items identified by ten local food banks serving communities near our branch locations.

Donations were collected in bank lobbies, and FBMT pledged to match every non-monetary contribution—doubling the impact for local food banks. Thanks to the generosity of our communities and the bank's matching commitment, an estimated value of \$14,978 was donated. These contributions help ensure that families in need have access to essential nourishment during the holiday season and beyond.

"This initiative reflects the true spirit of giving and demonstrates what we can accomplish when we come together," said Dean Comes, Bank President. "We are grateful to our customers and communities for making a meaningful difference."

The 12 Days of Christmas Food Drive is one of many ways FBMT works to strengthen the communities we serve.

Each July, First Bank of Montana proudly hosts its annual School Supply Giveaway at all ten branch locations, helping ensure students have the tools they need for a successful school year. Employees collaborate with teachers in each community to identify essential school supplies for rural and underserved areas.

To meet these needs, FBMT partners with local businesses to purchase supplies within each community. Employees at every branch then pack drawstring backpacks and personally distribute them to students who arrive to pick them up—creating a moment of excitement and anticipation for the new school year.

During the 2025 giveaway, 1,462 students in grades K through 6th received a backpack filled with necessary supplies. This initiative reflects the bank's commitment to supporting education and strengthening the communities we serve.

"This program is about more than school supplies—it's about giving every child the confidence to start the year prepared," said Dean Comes, President. "We are proud to partner with local businesses and educators to make this possible."

SERVICE IMPACT
